COMPANY PROFILE

Overview

LethuM Consultancy Services is a South African-based professional consultancy specializing in mining, energy, petroleum, governance, legal, and compliance solutions. Founded by Lethukuthula Mthokozisi Mtshali, an admitted attorney of the High Court of South Africa with over 15 years of experience, the consultancy provides expert legal, regulatory, and strategic advisory services to both public and private sector clients.

Our expertise is grounded in a strong understanding of extractive industry laws, governance, enterprise risk management, and statutory compliance, backed by a proven record of working with government, state-owned entities, corporates, and international investors.

Founder Profile

Lethukuthula Mthokozisi Mtshali, founder of LethuM Consultancy Services, is an attorney and Director at Wessels & Smith Inc. He has served as Head of Legal, Risk & Compliance at Transnet Port Terminals and Deputy Director at the Department of Mineral Resources and Energy, where he contributed to shaping critical mining and petroleum legislation. With an LLB and further qualifications in Environmental Law, Legislative Drafting, and Advanced Management Development, he brings deep legal expertise, strategic insight, and stakeholder leadership to his consultancy work.

Vision

To be a trusted leader in delivering innovative, reliable, and legally sound consultancy solutions in mining, petroleum, energy, and governance across Africa and beyond.

Mission

Our mission is to empower clients with practical strategies, legal certainty, and sustainable business growth through tailored advisory services, compliance solutions, and stakeholder engagement.

Core Values

- Integrity – Upholding honesty and ethical practices in all engagements.
- Excellence – Consistently delivering high-quality, results-driven solutions.
- Innovation – Designing forward-thinking approaches to complex challenges.
- Client-Centricity – Prioritizing client needs through tailored solutions, providing a single point of contact for all projects and a commitment to rapid response times.
- Sustainability – Supporting responsible business practices for long-term growth

Services

- Legal & Regulatory Advisory (Mining, Energy, Petroleum & Environmental Law)
- Compliance Audits: Proactively identify and address potential risks to ensure full statutory compliance, protecting your business from penalties and reputational damage
- ESG (Environmental, Social, and Governance: we provide guidance to companies navigating complex regulations on environmental law and social and labour plans
- Minerals and Petroleum Licenses (Right/Permits)
- Surface Usage Applications (SU)
- Application for Cession Consent & Agreements
- Contract Management & Vetting (BEE transactions, ESOPs, Community Trust)
- Stakeholder Management & Strategic Advisory
- Internal Appeals & Legal Opinions
- Access to Information Requests

Target Market

- Mining, petroleum, and energy companies
- Corporates & SMMEs requiring governance and compliance support
- International investors entering South Africa's extractive industries

Competitive Advantage

- Over 15 years of expertise in mining, petroleum, and energy law & compliance
- Offers an unparalleled 'insider perspective' on extractive industry law, with direct experience in shaping critical mining and petroleum legislations
- Proven advisory track record at Executive level
- Multilingual communication (English, IsiZulu, Afrikaans, Sesotho) for stakeholder engagement
- A unique blend of legal, regulatory, and strategic consulting services under one consultancy.
